KAVISHAN HETTIARACHCHI

Software Engineering Undergraduate | Aspiring Associate Software Engineer

Pahalakoratuwa, Kongala, Hakmana, Sri Lanka | +94 76 087 0731 | ukavishan1234@gmail.com

LinkedIn: linkedin.com/in/kavishan-hettiarachchi | GitHub: github.com/MrKavishan

PROFESSIONAL SUMMARY

Motivated final-year Software Engineering undergraduate with hands-on experience in developing web and mobile applications. Enjoys solving problems, learning new technologies, and turning ideas into practical software solutions. Experienced in working with programming languages, frameworks, databases, APIs, and AI-powered development tools such as Cursor AI and Claude. Also has practical experience in server-side configuration, application deployment, and debugging. Seeking an Associate Software Engineer position to apply technical skills, contribute to real-world projects, and continue growing as a software developer.

EDUCATION

BSc (Hons) in Software Engineering — NSBM Green University *2022 – 2026 (Expected)*

CGPA: 3.52 / 4.00 (up to Level 4 Semester 1)

PROFESSIONAL EXPERIENCE

Trainee Software Engineer – FishiFox (Pvt) Ltd. *Jan 2026 – Aug 2026*

Worked on project-based web and mobile application development, including API integration, database management, server side configurations, debugging, testing, and application deployment. Collaborated with the development team to deliver functional software solutions.

Software Engineer Intern — FishiFox (Pvt) Ltd *July 2025 – Jan 2026*

- Delivered practical software solutions within a professional team environment, adhering to project timelines, delivery standards and sprint-based workflows.
- Collaborated with developers, designers and stakeholders to plan, build and ship production-ready features across the project lifecycle.
- Produced clear technical documentation and communicated progress, blockers and outcomes effectively to team members and supervisors.

KEY PROJECTS

LawAdviser — AI-Powered Legal Awareness Mobile Application

- Designed and developed a mobile application delivering AI-powered legal guidance to improve legal awareness across Sri Lanka.
- Built a multilingual chatbot supporting local languages and implemented real-time traffic sign detection using image recognition.

Secure Event Management System

- Engineered a secure, web-based event management platform using PHP and MySQL featuring user registration, QR code ticket generation and one-time QR ticket verification to prevent fraud.
- Implemented automated email notifications, a full admin dashboard and Excel export functionality for reporting and data analysis.

Spice Management System

- Developed an inventory management system enabling real-time tracking of spice stock levels, sales monitoring and maintenance of supplier and product records.

Portfolio Website

- Designed and deployed a responsive personal portfolio website showcasing technical skills, projects and professional experience.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Project Manager — STEMUp Club, NSBM Green University *2024*

- Led end-to-end planning and coordination of club projects, managing team members, schedules, task allocation and inter-team communication.

Organizing Committee Member — Mantra Event, IEEE Student Branch, NSBM Green University *2023*

- Contributed to event planning, logistics coordination and on-the-day execution for a major faculty event.

TECHNICAL SKILLS

Languages: JavaScript, C, Java, C#, Dart, HTML, CSS, PHP, SQL

Frameworks & Libraries: React.js, Flutter, Spring Boot, .NET, Tailwind CSS

Databases: MySQL, MS SQL Server, MongoDB, Firebase

Tools & Platforms: Git, GitHub, VS Code, Cursor AI, Claude Code, Jira, Docker

SOFT SKILLS

Problem Solving | Time Management | Leadership | Effective Communication | Critical Thinking | Ability to Work Under Pressure | Learnability and Adaptability
